

Issued: 14 May 2021

FURTHER STRICTER SAFE MANAGEMENT MEASURES
FOR SPORT AND PHYSICAL EXERCISE & ACTIVITY
(16 May to 13 June 2021)

1. On 14 May 2021, the Multi-Ministry Taskforce announced that with effect from 16 May to 13 June 2021, there will be further tightening of safe management measures to curb the transmission of COVID-19 within the community. To reduce risks of community transmission, indoor “mask-off” activities will cease during this period. The current permissible group size of up to 5 persons will also be reduced to no more than 2 persons.

2. Following that announcement, Sport Singapore is providing an updated guidance on the stricter set of measures that concerns all sports, physical exercises & activities, and public & private sports & recreational facilities in Singapore for the period of 16 May to 13 June 2021. These measures are directed towards reducing or containing community spread of COVID-19 by stopping sport and physical activities that take place in high-risk environments. In general, high-risk environments are enclosed, indoor spaces (fully enclosed on all sides), where participants are likely to engage in strenuous activities unmasked. As a result, no strenuous physical activities should take place in any indoor spaces regardless of size (including Indoor Sports Halls and atriums in shopping malls). There are also further restrictions on density and group size as well as outdoor and indoor exercise classes.

3. The updated measures described in this guidance have to be adhered to starting 16 May 2021 and ending at the end of 13 June 2021 and supersedes the guidance issued on 7 May 2021.

FURTHER REDUCTION OF GROUP SIZE FOR SPORT & PHYSICAL ACTIVITIES

4. The following conditions shall apply to all sport and physical exercises & activities, and sport & recreational facilities from 16 May to 13 June May 2021:

- a. Sport/recreational facilities can only admit a maximum number of persons according to its **Gross Floor Area based on 16 Sqm per person¹, up to a maximum of 50 persons, instead of 10 Sqm per person**. No facility, regardless of size, shall admit more than 50 persons.
- b. **Group activities must be confined to no more than 2 individuals**. The physical distancing² between individuals and groups of up to 2 individuals must be maintained while exercising and playing sport.

¹ The Gross Floor Area includes exercises spaces, as well as other spaces such as changing rooms, rest areas within the facility. Facilities up to 32 sqm can admit up to 2 persons; this does not include staff.

² A 2-metre physical distancing between individuals should be maintained while exercising and playing sport. If there is more than one group sharing a space, the groups must not interact and must maintain a distance of 3 metres apart from one another at all times.

- i. For organised programmes and classes that take place indoors, an additional service provider (such as an instructor or a coach) from a permitted enterprise may guide the group. Multiple groups of 2 remain allowable up to 30 participants or the capacity limit of the venue, whichever is lower. The groups of 2 are not to intermingle before, during and after the class, and must remain 3 metres apart. Refer to subsequent paragraphs on restricting all indoor activities to low intensity activities with masks on at all times.
- ii. For organised programmes and classes that take place outdoors, an additional service provider (such as an instructor or a coach) from a permitted enterprise may guide the group. Multiple groups of 2 remain allowable up to 30 participants or the capacity limit of the venue, whichever is lower, if the activity is of **low intensity** with masks on at all times. The groups of 2 are not to intermingle before, during, and after the class, and must remain 3 metres apart.

If the activity is of **high intensity** where masks have to be removed, including for swimming, only two persons are allowed (including instructor or coach) and there can be no multiple groups of 2.

- iii. Physical activity of a social nature should be kept to 2 participants.
- c. Large complexes or multi-function premises such as country clubs may treat different parts of their premises as separate facilities, provided that they are well separated by physical barriers such that intermingling is not possible.

LOW INTENSITY SPORT & PHYSICAL ACTIVITIES IN INDOOR ENVIRONMENTS

5. Physical activities, sport and exercise environments that are indoors³, where participants are in close contact, exerting and are not reasonably expected to be wearing masks, will not be allowed.

- a. All indoor facilities may only allow low intensity sport and physical activities with masks on at all times. Indoor high risk environments, i.e. indoor public and private gyms and fitness/exercise/dance studios⁴, including those operated by commercial enterprises, country clubs, golf clubs, private apartments, condominiums and charities, are to close during the stipulated period, unless they only offer low intensity physical activities, sport and

³ Defined as premises which are fully enclosed on all sides.

⁴ Premises identified as high-risk physical activities, sport and exercise environments include, but are not limited to, indoor fitness training facilities, indoor gyms, as well as fitness studios and similar indoor studio settings for climb walls, trampoline, dance, barre, spin, etc. Such indoor premises (and including any other type of indoor premises such as hotel, club or condominium function rooms) must not be allowed to be used, or hired out to others for use for any high intensity sport and physical activities where participants are in close contact, exerting and not wearing masks during the stipulated period.

exercises where all participants and instructors are wearing masks at all times.

- b. No such facility will be allowed to offer weight, strength or resistance training of any form, and/or provide equipment for such training, as these are associated with strenuous activities.
- c. Participants, instructors and staff of these facilities also have to adhere to a more stringent set of safe management measures (SMMs) per Annex.

6. For a list of affected Sport Singapore's indoor facilities and programmes during this period, please visit <https://www.myactivesg.com/Facilities/Sport-Centres/Facilities-Closure>. Refunds for affected bookings that fall under these dates will be processed within the next seven working days.

LARGE GROUP OUTDOOR CLASSES

7. Approved large outdoor classes at public spaces such as parks and HDB common areas, can continue, subject to the venue size and safe distancing requirements as stated in paragraph 4(b)ii. All instructors must also be registered with Sport Singapore.⁵

8. Sport Singapore is looking into the provision of more outdoor spaces *within its ActiveSG facilities* for coaches and instructors to conduct their classes. The mechanism to apply for these spaces will be announced to the community when ready.

OTHER SAFE MANAGEMENT MEASURES

9. Other safe management measures will continue to be in place. These include, but are not limited to:

- a. Mask wearing. Masks should be worn as a default. If an individual is engaged in an outdoor activity of **high intensity** by himself or with another person (i.e. no more than 2 in the group), masks may be removed for the activity. Maintain social distancing from other groups.

Those performing permitted **low intensity** sport and physical activity in an indoor environment are required to wear a mask at all times. The activity has to cease immediately, if any participant removes his or her mask, even for a short while to breathe.

- b. Sharing of common equipment should be avoided. Participants in an indoor environment should not share sport and exercise equipment, such as exercise machines, bars, free weights, stationary bikes, treadmills, exercise

⁵ Instructors who are interested to conduct large outdoor classes at outdoor public spaces must be registered and can do so via <https://circle.myactivesg.com/programmes/classes/coaches/outdoor-classes-instructor-registration>. Subsequent approval from facility owner need to be sought before activities can be conducted.

mats where fomite transmission risk is high. No premises that remain open is to provide such equipment for use.

- c. Reducing Physical Interaction & Hygiene and Ensuring Safe Distancing. Owners or operators of facilities are responsible for ensuring safe management measures are implemented, and that their patrons/users comply. Facility owners/operators will have to:
- i. Organise human traffic flow and space management to ensure that the mixing of groups is minimised to transient contact;
 - ii. Put in place measures to minimise crowding or mixing at common facilities e.g. toilets. Where possible, specific common facilities should be designated to specific zones so that attendees from different zones do not mix when using such facilities;
 - iii. Conduct temperature screening⁶ and checks on visible symptoms⁷ for visitors, and turn away those with fever and/or who appear unwell. SafeEntry must be implemented for participants and visitors. From 17 May 2021 onwards, all participants and staff are to use either the TraceTogether app or the TraceTogether Tokens for SafeEntry;
 - iv. Frequently disinfect common spaces and interactive components (e.g. smart kiosks, turnstiles). Operators are strongly encouraged to adopt good sanitation and hygiene practices to achieve the SG Clean quality mark;
 - v. Place hand sanitisers in close proximity of the facility entrance and high-touch surfaces like door handles. Attendees should be encouraged to sanitise their hands before entering and upon leaving the facility;
 - vi. Ensure that participants do not shout while engaging in physical activities. This is because shouting increases the risk of transmission via droplets. Coaches/instructors may raise their volume when communicating instructions or in the event of a potential danger.

SPORT EVENTS FROM 8 MAY TO 13 JUNE 2021

10. As part of ongoing efforts to reduce the community spread, Sport Singapore will maintain the tightening on sport events during the stipulated period:

- a. Mass participation sport events will not be permitted to take place. Organisers are to work with Sport Singapore to cancel or postpone the events to a later date.

⁶ Individuals with temperatures 38 degrees celsius and above are considered as having a fever.

⁷ Notable visible symptoms to look out for include: (a) coughing; (b) sneezing; (c) breathlessness; and (d) a runny nose.

- b. All other sport events, including live spectator sport events, sport competitions and tournaments, will be subject to approval before they can proceed. There will be no spectators allowed at sport events and competitions. National Sports Associations that are organising competitions and tournaments related to qualifications for international competitions for national athletes, should approach Sport Singapore early to discuss their plans.

The above applies to all sport events, including those that have previously been endorsed by Sport Singapore.

ENFORCEMENT

11. Government agencies will be conducting inspections. Enforcement action(s) under the COVID-19 (Temporary Measures) Act and the Infectious Diseases Act will be taken against businesses or individuals who fail to comply with safe management measures.

EVERYONE HAS A PART TO PLAY AGAINST COVID-19

12. Singaporeans are urged to remain vigilant and observe safe distancing measures in place to minimise community transmissions. We all have a part to play in keeping COVID-19 at bay, and protect ourselves and our loved ones.

13. For the latest updates on COVID-19 for sport and physical exercise & activity, please visit www.sportsingapore.gov.sg. For queries, members of the public can email the Sport Singapore QSM at <https://members.myactivesg.com/feedback> or call 1800-344-1177 during office hours (Mondays to Fridays, 9.00am to 6.00pm).

14. This guidance supersedes all advisories issued by Sport Singapore before this date.

- End -

**ANNEX – ENHANCED SAFE MANAGEMENT MEASURES (SMMS) FOR
INDOOR HIGH-RISK ENVIRONMENTS OFFERING LOW INTENSITY SPORT
AND PHYSICAL ACTIVITIES FROM 16 MAY TO 13 JUNE 2021**

Facility operators will have to comply with all of the following SMMs:

- a. All participants, including instructors and staff, must be properly masked at all times, including when performing the physical activity;
- b. Staggered class start times to allow for a minimum of 15 minutes between classes and/or put in place separate routes if a premise is able to host multiple classes at a time. This is to prevent intermingling and mixing between participants before and after class. Operators will have to ventilate the room after each class ends. Participants must leave the premises immediately once they have completed their classes, or if they have exceeded a two-hour period;
- c. Organised programmes and classes are limited to no more than 30 persons or lower subject to the venue size and safe distancing requirements, and in groups of no more than 2 persons;
- d. Physical distancing of 2 metres between individuals must be maintained in general while exercising, and 3 metres between different groups must be maintained at all times. There shall be no intermingling between groups before, during and after classes;
- e. There must be no provision of common equipment to minimise fomite transmission. Sharing of any equipment should be avoided (e.g. weights, exercise mats). The premises must be wiped down / sanitised frequently to minimise the risk of COVID-19 transmission;
- f. Food and drink must not be supplied or consumed within the activity area, except if the consumption of a drink is necessary to preserve life or prevent injury in an emergency;
- g. Ensure that participants, including the instructor, do not talk loudly, sing, or shout while engaging in physical activities to minimise risk of transmission via droplets. Instructor may raise their volume when communicating instructions or in the event of a potential danger.
